Ladies and Gentlemen,
we don't know if it's helping to reduce waste, but we know it's
worth trying. For this reason, we just provide one catalogue,
including all our range. Further information will be available on
our website. New homepage in progress.

Sehr geehrte Damen und Herren,
wir wollen versuchen, Abfall zu reduzieren und Ressourcen zu
schonen. Aus diesem Grund fassen wir unsere Produktpalette in
einem Katalog zusammen. Detaillierte Informationen finden Sie
auf unserer Homepage. Ein neuer Web-Auftritt ist in Arbeit.

KIOX

Sportlich und vernetzt

Das sportliche Display ist die Verbindung zur vernetzten eBike-Welt von Bosch. Alle relevanten Fahrdaten werden von Kiox aufgezeichnet und über das per Bluetooth verbundene Smartphone an das Online-Portal eBike Connect übertragen. Die neue Navigationsfunktion von Kiox unterstützt eBiker beim Erkunden von unbekannten Gegenden. Die Navigation wird über das Smartphone gestartet. Via Bluetooth ist der Bordcomputer mit diesem vernetzt und zeigt die geplante Tour auf dem Display als Linie an, die dem eBiker den Wegverlauf aufzeigt. Zusätzliche Sicherheit bietet Lock, die clevere Ergänzung zum mechanischen Schloss. Sie deaktiviert bei Abziehen des Kiox die Motorunterstützung und erst das Aufstecken desselben Kiox entriegelt die Sperre wieder.

KIOX

Sporty connectivity

The sporty display is the connection to the networked eBike world of Bosch. Kiox records all the relevant riding data and transfers it to the eBike Connect online portal via the smartphone's Bluetooth connection. The new Kiox navigation function supports eBikers as they explore unfamiliar areas. Navigation is started using the smartphone. The on-board computer is connected via Bluetooth and indicates the planned ride on the display as a line showing the eBiker the route. 'Lock' offers added security as a smart complement to the mechanical lock. It deactivates motor support when the Kiox is disconnected and the electronic lock is only released again when the same Kiox is reconnected.

Vorteile auf einen Blick:

- Kiox lässt sich mit einem Herzfrequenzmesser verbinden, um das Training optimal auszurichten.
- Das Display zeigt, ob über oder unter der persönlichen Durchschnittsgeschwindigkeit gefahren wird, und spornt so zu mehr Leistung an.
- Kiox punktet mit stylischer Optik: Screen mit kräftiger Farbgebung, eine übersichtliche Benutzeroberfläche, Magnethalterung für einen aufgeräumten Look am Lenker.
- Über die Tasten kann der Bordcomputer sicher und komfortabel mit dem Daumen bedient werden.
- Bruchsicher – auch bei Dreck oder Steinschlag: Das Display aus kratzfestem Glas ist ein guter Partner im Gelände oder in der Stadt.
- Licht: Das Licht lässt sich bequem über die mechanische Taste am Kiox einschalten.
- Einstellungen: Durch die Statusübersicht können Einstellungen einfach und schnell geändert werden. Aus Sicherheitsgründen ist das nur im Stand möglich.
- Lademöglichkeit: Über die USB-Schnittstelle können externe Geräte geladen werden, zum Beispiel das Smartphone.

Advantages at a glance:

- Kiox can be combined with a heart-rate monitor to get the most out of training.
- The display shows you whether you're riding at above or below your personal average speed, motivating you to push yourself even harder.
- Kiox scores points for its stylish appearance: The screen with strong colours, clearly laid out user interface and magnetic mount ensures a tidy looking handlebar.
- The buttons allow the on-board computer to be operated safely and comfortably using your thumb.
- Unbreakable glass – impervious to dirt or stone chippings: the scratch-resistant glass display is an ideal partner both off-road and in the city.
- Light: You can turn on the light using the mechanical button on the Kiox.
- Settings: Settings can be changed quickly and easily from the status overview display. For safety reasons, you can only do so when the eBike is at a standstill.
- Device recharging: External devices such as your smartphone can be recharged via the USB port.
